Communications: 972-624-3156

Ridgepointe Park closed due to high water

THE COLONY, Texas — Due to encroaching water, Ridgepointe Park is now closed. The playground area and parking lot are now partially submerged, and the water levels on Lewisville Lake continue to rise.

As a reminder, Stewart Creek Park remains closed as well. The park is closed for all traffic into the park, both vehicular and pedestrian. We realize that many people want to visit the park to see the water levels, but for everyone's safety we cannot allow people into the park at this time. We will continue to take pictures of the parks and areas surrounding the lake and share them with the public on our [Facebook pages](#).

While we regret closing the parks, it is a necessary step to safeguard the public. As conditions improve or worsen we will update you with any changes to this status.

For questions or concerns, please contact the Parks and Recreation Department at 972-625-1106.
